<i>Defendants.</i>	)	

The parties in the above-captioned case are presently working to finalize a written settlement agreement, and have already exchanged multiple drafts of a written settlement agreement. The contemplated agreement would, among other terms, include the dismissal of all claims and counterclaims in this action and the 0:17-cv-00013-SRN-SER matter that is also pending between the parties. In order to focus their efforts and resources over the next few weeks on finalizing and executing a written settlement agreement, the parties stipulate and jointly request that this case be stayed until November 17, 2017. If the parties are unable to finalize a settlement agreement by that date, the parties will provide a joint status letter updating the Court on settlement efforts and, if necessary, submitting the parties' proposed schedule for resuming the litigation.
